

From the CEO

I know I don't need to remind you that there is just under two weeks until the election. But before you head for the polling booths, I can advise that the Institute has been surveying the major parties on the key issues relevant to the profession. In next week's e-news we will be publishing the results of the survey sent to Labor, the Coalition and the Greens on the Institute's policy priorities. It is hoped that these results will clarify the various positions on issues relevant to our profession and help inform your decision on election day.
