

Two fantastic opportunities currently exist for a Registered Architect AND an Architectural Graduate to join our growing team.

Paul Delany Architects is a long established boutique firm specialising in residential projects. Created over 25 years ago, there are currently 5 members in the team. Based in Malvern East, our office is modern and spacious with a garden outlook. We are situated in a shopping strip with public transport at our doorstep.

We encourage collaborative and sustainable design, consistently deliver outstanding service & have great working relationships with our clients.

Registered Architect role:

Your position would be **pivotal** in our practice, running projects from client liaison, design, documentation through to contract administration. Strong opportunity to advance your career in the company.

Professional requirements:

- **Registered architect** (or soon to be registered)
- Previous experience in the **complete management** of residential projects in Victoria
- **Great** communication skills
- **Love** of residential design
- **Proficiency** in documentation
- **Thorough** in Contract Administration
- **Skilled** in AutoCAD, Adobe Suite Software and 3D presentation

Architectural Graduate Role:

Your position would involve preparing presentation and construction drawings on residential projects. Strong opportunity to advance your career in the company.

Professional requirements:

- **Graduate of architecture**
- **Great** communication skills
- **Love** of residential design
- **Attention** to detail
- AutoCAD, Adobe Suite Software, 3D presentation & Revit

These are both great jobs!

Offering broad positive experience in a friendly environment with future prospects.

Suitable candidates please email your CV and portfolio (max. 5MB) to the Practice Manager - emily@delanyarchitects.com.au
