

**Project Architect
Taylors
New Zealand (Christchurch – Canterbury)**

Are you seeking a sea change? Make a difference and use your creative and innovative skills in this 2 year contract assisting in the rebuild of Christchurch.

Taylors is a leading multidisciplinary development consultancy recognised for providing the best possible outcomes to an expanding client base across the infrastructure, urban development and built environment markets for over 50 years.

Following the devastating 2011 Christchurch Earthquakes, Taylors were engaged to assist in the Christchurch Rebuild delivering assessment of earthquake damaged properties along with design and construction documentation for Multi-Unit Residential projects.

We have a 2-year opportunity for a Project Architect to join our Addington (Christchurch) office where you will contribute to the regeneration of this vibrant city. Based in New Zealand there will be strong collaboration with our Melbourne & Brisbane offices working closely with our engineering partners on a range of diverse projects.

Reporting to the Senior Architect, you will be responsible for the delivery of a variety of projects with a primary focus on producing and reviewing building consent documentation, tender documentation, contract administration and site inspections. Your demonstrated ability to take the lead in the building consent application process, along with your strong stakeholder management skills, will be an asset to our innovative team.

The experience and skills that you will have includes: -

- Solid experience in contract administration for commercial and medium density residential projects – townhouses and apartments (up to 100 dwellings per site);
- Registered Architect and/or Licensed Building Practitioner (LBP) Design Level 3;
- Strong Revit and AutoCAD skills essential;
- Photoshop and Adobe Design Suite advantageous;
- Expert knowledge of Building Codes and Standards;
- Strong technical knowledge in construction methodology and materials;
- Experienced in managing budgets and project milestones;
- Ability to produce accurate work within scheduled timeframes;
- Ability to aid in development of documentation standards and assist in the design process, documentation, and advise on design from a technical perspective;
- Ability to develop and maintain strong relationships with builders and resolve site matters in an effective and timely manner;
- Experience in Residential and Commercial projects;
- Excellent communication skills and ability to both take direction and delegate as appropriate.

At Taylors, we pride ourselves on fostering a strong culture, a diverse workplace and providing our people with every opportunity to contribute to both business and personal success. Our people enjoy competitive remuneration packages, on-site parking, a supportive team environment and a range of other benefits.

To experience the Taylors difference, email your cover letter and CV (quoting reference TDS-ARCNZ0217) to myfuture@taylorsds.com.au or contact our Recruitment Coordinator Zoë Cox at myfuture@taylorsds.com.au or phone (03) 9501 2800.

To apply for this position, you must have the right to work and live in this location.

Please note that only short-listed candidates will be contacted.
