

Architect

Trebilcock & Associates are well known architects, located in Windsor and serving Queensland for the past 24 years. We specialise in designing houses that are beautiful and functional and sensitive to the environment, appropriate to their site and location - and most of all to suit our clients. Our projects demand attention to detail, careful and creative design solutions and the best people.

We require a motivated, committed architect to expand our innovative team and help build our practice with us. Incentives are offered, over time, to the right person.

Our commissions are innovative, highly individual and require an elevated level of detailing to help our builders deliver beautiful homes.

This position is full-time and the ideal applicant will have the following:

- Degree qualified Architect with at least five (5) years post graduate experience
- Efficient with Autocad and have highly developed documentation skills
- Ability to hand sketch (an asset)
- Ability to work closely with the directors, but ideally over time will be able to work autonomously

Attractive remuneration is available based on experience, along with longer term company incentives. We also provide fresh lunch daily.

Please email your resume, with covering letter, and any questions regarding this position to derek@trebilcock.com.au
