

Call for Expressions of Interest

Canning Bridge Structure Plan Design Review Panel

The Cities of Melville and South Perth are calling for qualified and experienced architects and urban designers to join the Canning Bridge Structure Plan Design Review Panel (DRP).

A previous EOI process has resulted in the expression of considerable interest from professionals across a broad range of relevant disciplines. The Cities remain particularly keen to hear from suitably qualified and experienced professionals from the architecture and/or urban design fields who are interested in being considered for membership of the DRP.

The purpose of the DRP is to provide the Cities with independent and professional advice on design quality in relation to particular planning applications or relevant strategic planning proposals.

Prospective applicants should demonstrate considerable professional expertise in their field and possess relevant skills and experience in the practice of design review for major development proposals. Each nomination should be endorsed

by two independent, professional referees who can attest in writing as to the suitability of the candidate for membership of the group.

Existing nominees need not re-apply as all existing nominations for membership of the group will be considered in due course.

Expressions of Interest (EOI) including a brief covering letter addressing the criteria for membership, a resume and referee details should be made in writing to the Chief Executive Officer, City of Melville, Locked Bag 1, Booragoon WA 6954 or by email to **melinfo@melville.wa.gov.au**.

EOI close **5.00pm Friday, 23 October 2015.**

For more information, visit **www.melvillecity.com.au/canningbridge**, or for terms of reference or general enquiries, call Peter Prendergast, Manager Statutory Planning on **9364 0626** or email **peter.prendergast@melville.wa.gov.au**.
