Architect – B.E. Architecture

- Respected Practice with unique projects
- Studio environment in a growing practice
- Experienced, Creative & Energetic candidates

B.E Architecture is an award winning residential architecture studio with notable architectural projects in Melbourne and Sydney.

We require the services of an Architect who has solid experience building and maintaining client relationships, managing projects and leading teams.

We offer a rewarding and challenging opportunity to work in a collaborative and creative environment.

This is a position for architects that want to get involved and shape how things get built.

Key Responsibilities

- Design and develop quality architectural projects
- Manage and develop relationships with clients and consultants
- Lead a team and create documents for construction.
- Get on site and administrate ABIC contracts and get it built .

Key Attributes

- self-motivated professional who takes ownership and responsibility for outcomes
- team player who inspires people and also has the ability to work autonomously when required
- strong attention to detail
- effective communication and interpersonal skills

Skills and Experience Required

- experience as a Registered Architect responsible for 2 – 10 Mil projects and consultant teams
- technical expertise in the high end residential sector
- broad knowledge of how to put buildings together
- excellent skills and experience in all stages of a project from sketch design through to completion
- comprehensive knowledge of both the Planning Scheme and BCA
- experience in developing and maintaining sound relationships with clients
- ability to lead, mentor and managing a small team
- solid experience using Revit in documentation
- registration with Architects Registration Board of Victoria

Remuneration will be commensurate with experience and skills.

Interested candidates can forward CV together with a folio of design and contract documentation work to jon.b@bearchitecture.com
