

matt gibson architecture + design

Location : Collingwood, Melbourne

Practice Description: Matt Gibson Architecture + Design (MGA+D) is a vibrant and energetic award winning Architecture & Interior Design Studio that offers an inclusive & responsive working environment for potential staff. MGA+D specialises in thoughtful residential work, multi-res, retail and workplace commissions Australia wide. We have an emphasis on a relaxed studio based atmosphere where there are healthy discussions on design approach, detailing methodologies & strategic vision. We promote and review individual development & offer opportunities for involvement in all facets.

Positions available:

Graduate of Architecture / Mid-Level Architect of approx. 2-8 years experience.

We wish to speak with both Graduates and Registered Architects that are strong and passionate design drivers with experience in detail documentation drawing. You will be leading projects & working directly with Client & Consultant teams, Authorities & MGA+D directors and staff. You should be AutoCAD proficient, with SketchUp and ArchiCAD a bonus.

We are interested in meeting applicants who see this as a long term career position with salary commensurate with skills and experience. If you are motivated, highly passionate, social & pro-active we'd love to speak to you.

Student of Architecture position – 3rd year to 5th year.

A year out intern position exists for applicants of minimum 3rd year level who have a strong design passion & sound drawing documentation skills. You will be involved in all round practice tasks giving you a firm grasp of architectural practice with the aim to prepare you for an eventual graduate position at this practice. The position will involve model making and mentorship in all stage facets enabling you to log this experience toward your eventual Architectural Registration. You should be AutoCAD proficient with strong skills in SketchUp and other 3d capabilities a bonus. Applications are open now for this placement.
