

JOB DESCRIPTION.

INTERIOR DESIGNER

DATE 05.10.2017
BASIS Full-Time

Therefore is an emerging architecture and interiors practice based in Fitzroy, Melbourne. We are seeking an experienced Interior Designer with a minimum of 3 years post-graduate professional experience to work across a broad range of project types. The right applicant will have a strong interest in our current work as well as the ability to shape the future of our growing practice.

The role will call for both collaboration and leadership, with the candidate being encouraged to manage projects and further their experience in every aspect of the design process. The right person will bring attention to detail, organisation, professionalism and a love of design to the practice. We use Archicad and Adobe, while currently phasing out Autocad and Sketchup.

You would be joining a team of four in our new studio space where we enjoy a balance of work and social time together as well as regularly attending events within the wider design community. We share meals, music and drinks as often as we can, and the right person would fit seamlessly into our friendly, supportive and inclusive culture.

We work on an increasingly wide range of exciting projects; currently across residential, hospitality, retail, commercial and education. We aim to work on the most interesting projects for the most appreciative clients to maintain the best workplace environment. We have no interest in growing into a large practice or pursuing developer driven work.

This is an opportunity to build your career as a key member of our team. Flexible working conditions are possible for the right candidate and salary is commensurate with experience.

Please submit your CV and portfolio in a single PDF (max 10M) to:
employment@therefore.com.au

We apologise that we are unable to respond to every applicant.
