

WestonWilliamson+Partners

We are looking for talented, ambitious and committed staff for a number of exciting positions to work on our **transport** and **infrastructure** projects in our Melbourne office.

Positions are available for graduate level candidate with fantastic opportunities for growth in an expanding practice with the following ability:

- To integrate easily into a variety of team structures.
- Experience in REVIT and AutoCad
- Excellent interpersonal and communication skills
- High level of skill across all computer software
- Ability to set your own tasks to collectively achieve the team / project objectives

Please email your cv and samples of work to recruit4melbourne@westonwilliamson.com with your qualification level in the subject field followed by "Melbourne office".
