GRADUATE ARCHITECT

Interlandi Mantesso Architects are mid-sized firm looking for a Graduate of Architecture.

You will have the opportunity to work on a variety of projects from Multi-Residential to Commercial and Alpine. Our practice uses ArchiCAD exclusively and so experience with this software package is essential.

We work in a relaxed open plan studio environment, are design based and we are located in the heart of Richmond. We pride ourselves in nurturing diverse skill sets and opportunities for future leaders.

You will be a confident & passionate individual who is a keen learner looking to grow with the firm. The successful candidate should possess;

- Experience in ArchiCAD – utilising the software for design and modelling
- Excellent teamwork skills & able to take direction from senior staff
- Good knowledge of town planning, the building code and approval processes.
- Knowledge of the Adobe Creative Suite & Rendering Software.

Please send your CV to & folio to info@imaarchitects.com.au .

Please note that only shortlisted applicants will be contacted.

You need to be eligible to work in Australia on a permanent full-time basis to apply.
