

MAArchitects is seeking an experienced Project Architect to work on design focused, mid sized multi residential projects.

Our practice has a culture of design innovation; the successful applicant must have a strong appreciation of design and demonstrated experience in the design development and documentation of projects of this type.

The role involves direct contact with the client and consultants working in collaboration with the Director.

In particular we're looking for:

- Excellent presentation
- Experience working on similar scaled multi-residential projects in Melbourne
- Ability to coordinate consultants & liaise with authorities
- Demonstrated documentation & drawing management skills
- Flexible, easy-going personality
- Excellent communication skills
- Happy to work in a small team

The successful applicant will have an eye for detail, be enthusiastic and enjoy working in a collaborative studio environment.

Submit your applications including 1 page covering letter, CV and portfolio to [applications@maarchitects.com.au](mailto:applications@maarchitects.com.au) as a single PDF with a maximum file size of 5MB.
