

Architect Position

WH Architects is seeking an architect to join its practice in St Kilda Rd to work on a range of commercial, institutional and residential projects. Applicants must have a proven ability of working within a project team in the delivery of high quality residential and medium scale buildings.

We are looking for an all-rounder type architect to undertake a broad range of tasks. The role entails involvement in all phases of the architectural process and offers an opportunity for professional development and career growth.

Professional requirements:

- Registered architect with min 2 years post registration experience
- Excellent written and verbal communication skills
- Excellent design and documentation skills
- Excellent 3d modelling and presentation skills
- High level of proficiency in Revit is essential
- Proficiency in Autocad and Sketchup
- Proficiency in Adobe Suite software

Suitable candidates please email your CV and portfolio (max. 5MB) to wha@wharchitects.com.au
