### The Position- Full Time

RBA Architects and Conservation Consultants Pty Ltd (established in 1994 and based in St Kilda), are seeking an experienced Heritage Conservation Architect to join the team.

The position is senior and involves: research, analysis, design, documentation, publication and contract administration of building works to places of heritage significance (both conservation and adaptive reuse works) and providing advice to significant historic building owners and authorities. Projects are diverse, primarily local, but also international and across all types including: commercial, ecclesiastical, education sector, civic, community, industrial and residential. The office culture is collegiate, cutting edge and research driven.

### The successful applicant will have:

- Minimum masters degree
- Minimum 3 years experience working as a Conservation Architect
- Working knowledge of Australian architectural history
- Expertise in remedial conservation interventions to significant heritage building fabric.
- Proficiency in contemporary and interpretive design and detail resolution
- Proficiency in AutoCad, Sketchup, Adobe and Revit pref. + pencil and butter paper
- Proficiency in sustainable design
- A fabulous sense of humour... we're not joking!

---

### About Us

We conserve great architectural structures and adapt them for future-purpose. Our thriving boutique architecture practice (12 people) located in St Kilda has built up a reputation over twenty-years of conserving Australia's cultural heritage and creating new functional architecture that endures beautifully.

### The Location

Located at the top of Fitzroy Street in St Kilda, our practice is surrounded by fantastic restaurants and cafes, multiple gyms, Albert Park Lake and multiple tram lines with St Kilda Junction only minutes away.

### Contact

Interested applicants please forward your CV by email in the first instance to Roger Beeston at [roger@rbaarchitects.com.au](mailto:roger@rbaarchitects.com.au).

If you wish to discuss the position please call Roger Beeston (Director) 0417 140 159
