

Project Architect

Are you an exceptional Project Architect looking for your next opportunity? Do you have excellent client and consultant management skills and use REVIT at an exceptional level. An opportunity for a Project Architect has become available in our international-award winning architecture design firm.

Your new company

Our bustling design studio services a diverse range of clients including large scale developers; education and health sector clients; environmental companies, and private enterprise. Our projects range from high concept hospitality and luxury 5 star hotels, to unique multi-residential developments, boutique residential design.

Your new role

We are looking for an advanced Project Architect to join our highly creative studio. You will be managing 2-4 smaller projects with a team of architectural graduates to assist.

This role:

- Would suit a candidate with 5+ years experience in Australia, 3 years in a Project Architect role.
- Requires proficiency with Revit as our primary program. AutoCAD and Sketch-up also preferred. InDesign an advantage.
- Includes mentoring and leading the Architecture team
- You may assist with conducting team appraisals when required
- Involves working to timelines and budgets without compromising creative flair
- Requires strong communication and interpersonal skills with the ability to build strong relationships with all stakeholders
- Would suit someone with strong documentation skills
- Would suit someone with strong knowledge of the local construction industry
- Client Management skills are a must
- Consultant Co-ordination required
- Town Planning experience required
- Strong Hospitality Design Experience is an advantage

If you want to progress your career with an innovative and collaborative design team please send your CV and Portfolio along with a brief Cover Letter outlining your relevant experience and why you think you would be a good fit for our studio to the email address shown below.
