

**Job Title: Architectural Assistant**

**Company: Genton**

**Location: Melbourne CBD, VIC**

*Genton is looking for a strong fourth or fifth year Architecture student to join our growing Melbourne office. The ideal candidate will have strong graphic and design software skills (Adobe Suite and Rhino).*

As well as an appetite for learning and overcoming design and other challenges, managing timeframes for submissions and communicating with your team.

Revit experience is desirable as Genton is a full workflow practice.

An openness to assisting with administrative facets of the business when required is also viewed favourably by the Practice.
