

PROJECT ARCHITECT – SURF COAST

Live work surf and enjoy the wonderful lifestyle of the beautiful Great Ocean Road in Victoria. If you are a passionate Architect who excels in a professional, design focused Studio and have always wanted to live '*down the coast*', this is the job for you.

EXPERIENCE

You have at least 4 year post graduate experience including designing high quality homes and ideally be a registered Architect.

SKILLS

Your technical skills will enable you to develop sketch designs, prepare Town Planning Applications and Project Documentation using Autocad, Sketch up, Adobe Creative suite and MS Office programs.

If this sounds like you, then we'd love to hear from you so please email us with your Expression of Interest including a CV and a couple of examples of projects you have contributed to.
