

Architectural Draftsperson

SJB Architects, Melbourne

Salary Range - \$65,000 - \$75,000 pa + superannuation

Skills and experience required

SJB Architects is seeking an experienced Architectural Draftsperson with advanced Revit skills.

- You will have a minimum of 5 years post-graduate experience
- You possess a sound understanding of and interest in the technical documentation of both boutique and large-scale multi-unit residential projects
- You will be able to demonstrate a track record of working in teams of different sizes, providing technical support to Project Architects, Associates and Directors
- You will have advanced Revit knowledge and be keen to be an advocate for SJB Architects' BIM implementation plan and our studio's Revit advancement and look for ways to share your knowledge with our team
- You can show that you will be able to enter into discussions on matters of constructability with key personnel, both within our studio and within the wider project team
- You will be a passionate advocate for design
- Ideally you will have Australian experience in large-scale residential projects.

Advice for potential SJB employees

Send us your CV and portfolio with a brief covering message via email to the address below.

Provide your CV and portfolio as PDF attachments with a total size less than 10MB. Do not send us a link to an online portfolio - these are not always easy to access and cannot be saved within our candidate management system.

Include in your CV

Contact details: full name, email, mobile phone, current location, e.g. Melbourne, VIC

Details of current work rights for Australia, e.g. citizen, permanent resident, working visa details

Education: education institution, degree, graduation year

Software expertise including the type of software as well as your proficiency level, e.g. Revit - basic

Employment history: the name of organisation, role, start and finish dates - limit to two pages

Architectural portfolio formatting suggestions

Include a selection of recent and relevant projects that you have worked on which best demonstrate your capability

Include images and please make sure drawings, photographs and 3D visualisations are appropriately attributed

Describe your role in the project, including the stages you worked. You do not need to include a marketing blurb for the project

Ideally include construction value, location and size

Cover email

Include what it is you are looking for in your next role and tell us anything about you that we need to know and won't see in your CV and portfolio.

Send email to: arch_mel@sjb.com.au
