

About Six Degrees

Six Degrees is a team of creative, expert and experienced multi-disciplinary architectural graduates, architects and interior designers who have a passion for design and the craft of architecture.

Architectural Graduate / Architect

Full-time

Six Degrees is seeking an Architectural Graduate or Architect with 2-6 years' experience.

The candidate must have a collaborative spirit, an eye for design detail, as well as:

- Excellent Revit experience: ability to manage/maintain models of various scales and complexity, proficient in producing high quality documentation, detailing and BIM models, with an eye for detail and a familiarity with family creation and manipulation.
- Experience in:
 - Technically proficient in AutoCAD
 - Adobe Creative Suite
 - Sketch-up (desirable)
 - Understanding of key construction processes
 - Concise and professional written communication skills
 - Excellent time management and organisation skills
 - Collaborative disposition, works willingly with other team members
 - Problem solving & generosity with knowledge and experience

To join our team for this contract position, please forward your CV and portfolio (under 10MB) with Architectural Position in the subject heading to Sarah Bennett at jobref1704@sixdegrees.com.au
