

KGA Architecture established a studio in Fitzroy 2009. Currently the studio is focusing on boutique institutional, hospitality projects and a private residence and gallery. The nature of the practice provides an opportunity to work on a range of projects from broad scale master planning to detail furniture design; across all phases from conception to signoff and publishing.

The studio is seeking Architects or Graduates of Architecture to join our Fitzroy studio. The successful candidates must have at least three years of post-graduation 'local' work experience who can work independently and in teams. The ideal candidate will have:

- Minimum 3+ years of graduate office experience
- Politically savvy, highly motivated and ambitious
- Familiar with local environment
- Architectural documentation skills and a reasonable knowledge of construction methodology
- Capable of making physical models with 'surgical precision' either by hand or computer cut.
- Good enthusiastic communication skills in a team environment
- Ability to work independently and set own tasks to collectively achieve the project objectives
- Proficient in the following:
 - Strong AutoCAD documentation skills,
 - Rhino 3D modeling and/or proficient on Revit
 - Adobe software, including Indesign
 - Hand drawing and sketching
 - Submissions and report writing
 - Maintaining Filing and library

Please email your CV to admin@KGAarchitecture.com.au, including a one page summary of your employment, references and educational experience together with a sample folio of design and contract documentation work (pdf format, max 5mb)
