

Free Planned Cover Seminar Managing Your Risk: Common Triggers for Claims

Tuesday 21 May 2019

5.00pm - 7.00 pm

(Networking drinks from 5.00pm; presentation starts 5.30pm)

Through the work of their in-house Claims Management team, Planned Cover have a unique insight into the causes of problems, disputes and claims against consultants in the construction industry. Join Risk Manager Wendy Poulton for an overview of some of the most common triggers for claims, including:

- Compliance with NCC and other legal requirements;
- Budget over-runs;
- Sub-consultant errors;
- Record keeping;
- Observation/inspection of constructed works; and
- Communication and relationships.

This event is open to all your staff. Come along to gain a better understanding of some pitfalls, and take away strategies for avoiding them.

Presented by Planned Cover in association with the Australian Institute of Architects and the Association of Consulting Architects, this event is free for their clients and members.

- COST:** Free
