

tessellate^{a+d}

Architect/Experienced Graduate

tessellate^{a+d} is looking for a motivated and design focused registered architect or graduate to join our small team in South Melbourne.

Applicants must have a passion for design and a strong background of documentation and contract admin experience to assist with delivering highly detailed, small-medium scale commercial projects and the odd house or two. You will have the ability to work autonomously, be proactive in finding answers and have an intimate understanding of what is required at the various stages of a project. If you love details and intimately understand how a building goes together, we would love to talk to you.

tessellate^{a+d} is a small design studio, our work varies across commercial, residential and community buildings, with many projects currently in the documentation phase.

Please send your CV and portfolio to info@tessellate.com.au
