

**NEW POSITION AVAILABLE
EARLY CAREER ARCHITECT OR ARCHITECTURAL DRAFTSPERSON WITH PRACTICE EXPERIENCE**

Architecture Caisson is a boutique architecture and interior design practice that specialises in carefully crafted residential and commercial projects. We are now seeking an experienced Graduate of Architecture or an Architectural Draftsperson to join our team and be a key part in the delivery of some exciting new projects.

Architecture Caisson operates within a small studio space that encourages the sharing of ideas and a team spirit. We support initiative, we enjoy good humour, we reward hard work and we firmly believe in the creative endeavour of improving our built environment through exceptional design. We are looking for someone who wants to develop their skills and progress their career by being a key part in the delivery of highly detailed and well resolved projects.

This is a great opportunity for someone keen to learn the ropes by working alongside the Directors of the practice. The successful applicant will gain experience and training in all project phases across a variety of projects and we would also be very pleased to assist graduates who may be seeking registration.

Applicants with proficiency in 3D drawing software (primarily ArchiCAD) will be viewed favourably and so too those with construction documentation experience. Salary will be commensurate with experience and applicants must be currently eligible to live and work in Australia on a permanent basis.

If this position appeals to you then please email your application to andrea@caisson.com.au
